Warndon Parish Council SID report covering May 2023 for June Meeting

TRAFFIC ANALYSIS REPORT FOR WESTCOTEC SID

The Westcotec device has been installed on Dugdale Drive on lamppost 7920 opposite Bright Avenue for vehicles heading west since 3rd April 2023. This location has a history of a large proportion of vehicles exceeding the 30mph speed limit.

The data from the device captured during May is very similar to April, with around 18% of vehicles exceeding the 30-mph speed limit. The level of speeding remains a cause of concern as compared to around 11% on Millwood Drive and 10% on Plantation Drive. All data captured by this sign is for Incoming vehicles i.e., facing the sign. Our other speed sign captures outgoing vehicles, which have been significantly higher, in addition to incoming vehicles. It is likely the proportion of speeders heading east will be higher, based on what the other sign has recorded.

The Westcotec report that accompanies this Parish Report provides more detailed information regarding driver behaviour.

Comparison with Previous Months (Westcotec SID)

Report	Dates Covered	Days	Veh Counts	Ave Daily Count	85th Percentile Speed mph	85th Percentile Vehicles	NB. of Speeders	Speeders % of veh counts
Dugdale Drive (1) on l/c no.7920 opposite Bright Ave for vehicles heading west								
May for June 2023	01/05 to 31/05	31	48,378	1,561	30.9	41,121	8,617	17.8%
April for May 2023	03/04 to 30/04	27	40,303	1,492	30.9	34,334	7,666	17.7%
May for Jun 2022	09/05 to 31/05	23	31,522	1,372	31.6	26,794	6,476	20.5%
Jun for Jul 2022	01/06 to 30/06	30	39,268	1,309	32.1	33,378	9,099	23.2%
Jul for Aug 2022	01/07 to 31/07	27	33,403	1,237	31.8	28,393	7,255	21.7%
Aug for Sep 2022	01/08 to 31/08	31	33,576	1,083	31.8	30,240	7,525	21.2%
Sept for Oct 2022	01/09 to 30/09	30	37,666	1,256	31.3	32,101	7,188	19.0%

TRAFFIC ANALYSIS REPORT

TRAFFIC ANALYSIS REPORT FOR ELAN CITY SID

The device has been located on Millwood Drive, on lamppost 7791, for vehicles travelling south just before Turbary Avenue since the 23/02/202.

On examining the data download on 1st June 2023, it appears the sign failed on several occasions between 6th May and 1st June. No data was recorded on 10th and 11th May, or from 15th to 19th May, with a further gap between the 22nd and 26th May. The reasons why there was a failure are being sought as the solar panel should have received ample daylight to operate properly. The table below summaries the data captured by the device, with the limited dates taken into consideration. Regrettably there has been a further upward increase in the proportion of drivers speeding. The Elan City report that accompanies this Parish Report provides more detailed information regarding driver behaviour.

Report	Dates Covered	Days	Direction	Veh Counts	Ave Daily Count	85th Percentile Speed mph	% below 30mph	NB. of Speeders	Speeders % of veh counts
Millwood Drive lp 7791 southbound, before Turbary Avenue									
May for June 2023	06/05 to 31/05 *	15	Incoming	27,782	1,852	29	87.7%	3,428	12.3%
			Outgoing	24,607	1,641	33	66.3%	8,293	33.7%
Apr for May 2023	01/04 to 30/04	30	Incoming	61,547	2,051	29	88.4%	7,170	11.7%
			Outgoing	53,725	1,791	33	68.8%	16,775	31.2%
Mar for Apr 2023	23/02 to 01/04	36	Incoming	80,960	2,249	29	89.2%	8,677	10.7%
