Warndon Parish Council SID report covering November 2023 for December Meeting

TRAFFIC ANALYSIS REPORT FOR WESTCOTEC SID

The Westcotec device has been from Dugdale Drive to Hastings Drive opposite Goodrich Avenue for vehicles heading west since 8th September 2023.

During November we have seen a further 1% reduction in speeders on top of the 4% reduction that was recorded in October. This is very encouraging.

The Westcotec report that accompanies this Parish Report provides more detailed information regarding driver behaviour.

TRAFFIC ANALYSIS REPORT

TRAFFIC ANALYSIS REPORT FOR ELAN CITY SID

The device has been moved to Millwood Drive lp 7791 southbound, before Turbary Avenue, this was the location that was used between 23rd February and 6th May 2023.

Thankfully the sign has appeared to have operated well despite the shorter daylight hours and the sign will need its batteries regularly recharged which may mean brief periods of outage. Hopefully the new Parish Warden will keep this to a minimum.

We are seeing speed reductions at our sign locations and speeds have reduced at this location since the last recordings in June 2023.
