Warndon Parish Council SID report covering May for June 2024 Meeting

TRAFFIC ANALYSIS REPORT FOR WESTCOTEC SID

The Westcotec device was moved from Hastings Drive opposite Goodrich Avenue for vehicles heading west to a location opposite Saltwood Avenue tracking vehicles travelling east on 6th March 2024.

The May results are very similar to both March and April, which validates the reduced proportion of speeders since September 2021, the last time the sign was at this location.

The Westcotec report that accompanies this Parish Report provides more detailed information regarding driver behaviour.

TRAFFIC ANALYSIS REPORT

TRAFFIC ANALYSIS REPORT FOR ELAN CITY SID

The device is located at Millwood Drive lp 7791 southbound, before Turbary Avenue. It was previously at this location between 23rd February and 6th May 2023.

The sign has operated for the full period. The proportion of speeders shows a slight improvement compared to March and April 2024. The proportion of outbound drivers (not facing the sign) whose speed is of concern and a suitable lamppost to enable northbound drivers (heading towards Plantation Drive) is being identified. There are relatively few lampposts on the opposite side.
