Warndon Parish Council SID report covering Feb for Mar 2026 Meeting

TRAFFIC ANALYSIS REPORT FOR WESTCOTEC SID

The sign has been returned from Westcotec following investigation. The sign has been repositioned back to the previous location, opposite Goodrich Avenue for vehicles heading west.

The previous proportion of speeders in November and October was 22.1% and 21.1% respectively. The latest proportion is reduced to 18.1%. It is possible drivers may have gone quicker due to the incorrect warnings they received.

Comparison with Previous Months (Westcotec SID)

Report	Dates Covered	Days	Veh Counts	Ave Daily Count	85th Percentile Speed mph	85th Percentile Vehicles	NB. of Speeders	Speeders % of veh counts
Hastings Drive (1a) on l/c with no number (should be no.5533?) opposite Goodrich Avenue, for vehicles heading west.

TRAFFIC ANALYSIS REPORT

TRAFFIC ANALYSIS REPORT FOR ELAN CITY SID (MILLWOOD DRIVE)

The device has been moved back to Drive lp 7791 southbound, before Turbary Avenue, it was previously on Millwood Drive lp Northbound, before Trotshill Lane West. A slight increase, but broadly in line with previous recordings.

It appears the sign worked for approx. 23 days (estimates shown *) The proportion of recorded speeders has encouragingly reduced.

TRAFFIC ANALYSIS REPORT

TRAFFIC ANALYSIS REPORT FOR ELAN CITY SID (PLANTATION DRIVE)

Although there has been a sign here regularly, they have always been positioned to remind drivers travelling westwards so it was turned eastwards from March 2025. This location is just before a well-used footpath between the Berkeley's and the Lyppards, a walking route towards the Lyppard Centre.

Incoming (76.3%) and Outgoing (82.8%) show a worrying reduction in the proportion of vehicles obeying the speed limit since last month. This sign performs much better than the sign on Millwood Drive in terms of battery use.

Report	Dates Covered	Days	Direction	Veh Counts	Ave Daily Count	85th Percentile Speed mph	% below 30mph	NB. of Speeders	Speeders % of veh counts
